

FACT SHEET

What are the benefits of our nearshore resources?

Nearshore developer, consultants and project implementation for the flexible, inexpensive and high-quality IT project needs.

We are a Swiss company at lake Zurich that offers professional software services. Our clients appreciate our Swiss reliability, quality and „easy to work with“ mentality.

 EXCELLENT PRICE/
PERFORMANCE:

We offer our developers, consultants and projects on the basis of very attractive daily rates. And there aren't any hiring costs.

 SUPERIOR QUALITY:

Our developers and consultants work in a European country and are employed by a local company. They are trained, coached and benefit from teamwork and social benefits.

 EXPERIENCE:

Our developers and consultants have at least 3 Years of experience, a college degree and in addition IT specific certifications.

 FLEXIBILITY:

The duration of an assignment is flexible, from a few weeks to several months.

 SHORT-TERM:

Depending on availability, our consultants and developers are selected in less than two weeks and ready to start.

 FAST:

Due to the high qualification, the onboarding lies under a week.

 SPECIALIZED
SKILLS:

Over 600 specialists with dedicated topic expertise, available in the areas of front-end development, eCommerce, cloud (AWS, Azure, Google) Salesforce and Microsoft.

NEEDS-BASED:

With our developers and consultants you can flexible respond to current project needs and short-term gaps or absences of employees can be compensated and buffered. Development teams can be supplemented as required and sudden growth needs can be managed.

PROJECT IMPLEMENTATION:

We offer the standalone implementation of projects. The projects are set up and implemented using agile project management in close cooperation with our clients.

PROJECT TEAMS:

We offer well-established development teams that have passed through all team building phases together and have mastered them. This approach is far less time-consuming than, for example, configuring teams of freelancers and brings better results faster.

SWISS BUSINESS RELATIONSHIP:

The business relationship is with our in Switzerland based company. Your contacts are the people who work there.
